

## Adler Group Expands Presence in Naples

Adler Group, one of Florida's oldest and largest commercial real estate firms, recently opened an Adler Realty Services office in Naples. Adler Group owns Collier Park of Commerce and Commerce Center of Naples, each comprising office, flex, warehouse and retail space.

In addition to handling the leasing for Adler Groups' Naples properties, Adler Realty Services also will serve the diverse real estate needs of commercial tenants and owners, and can assist with leasing matters on behalf of either party.

"While Adler Group has long had a presence in Naples, we wanted a dedicated team on the ground to be a part of the exciting growth taking place in the market," said Michael M. Adler, chairman and CEO of Adler Group. "Our thorough understanding of the industry is not only beneficial to our properties but is also a large asset to new clients in the area."

The new 2,500sf realty office is in the Collier Park of Commerce at 3050 North Horseshoe Drive, Suite 198, and accommodates a team of five. They include Teresa M. Clark, Naples market manager and portfolio manager for the Central Florida Region, and associate Dara Goren, who will handle leasing for Adler Group properties in Naples. She is a licensed commercial sales and leasing agent.
